After Jesus' Resurrection from the dead He came back to earth for two final events. Open and read page 53.

We just read about the Ascension of our Lord. Do you know what the word ascend means?

The Ascension of our Lord shows us that both Jesus' body and spirit went to heaven. Why did Jesus leave the earthly world in body and spirit? What does it mean?

If you look at the icon on page 52 we get a better understanding of why. Where is Mary in the icon?

She is in the most important spot (other than Christ) for a reason. Jesus is at the top center of the icon and He is the first thing that you see. Directly beneath Him is His mother, Mary. Her arms are upraised toward Him. Mary isn't just saying good-bye to her son. She symbolizes Jesus' connection to human nature on earth.

Jesus ascends into heaven both body and spirit because He can!! He is reuniting God's creation, His body, with its creator. This has been the promise since Adam and Eve left paradise. Adam and Eve, God's creations were sent away from God the Creator and since that time man and woman were separated from God. Now, because of Jesus, we can be reunited with him. The door is open and none of this could have happened without Mary accepting God's will! Ascension takes place 40 days after Pascha.

Someone else is taken into heaven body and soul, who is that?

At the Ascension, Jesus told those present not to be sad because He would send the counselor to them. This brings us to page 55.

The Feast of Pentecost takes place how many days after Ascension?  
How many days after Pascha?

How did you know this?

Who was the counselor that Jesus spoke of on Ascension?

What exactly happened on Pentecost?

Mary the Birth-giver of God, was present during the descent of the Holy Spirit. Do you think this was important? Why?

We once again are shown the honor and importance of Mary the Mother of God – that she would not be left out of the special gift of the Holy Spirit.
